Index to Volume 6

JANUARY-FEBRUARY 1976

4 **The Effective Use of WATS Lines — Part 2,** Leo F. Goeller, Jr.

14 **Simulation of Telecommunications Systems,** James E. Jewett, Jacqueline B. Shrago and James R. Gordon

20 **Resolving the User's Dilemma Towards Competition,** Harry Newton

24 **Using the Specialized Common Carriers,** Stephen A. Ernst

30 **Registration of Interconnected Terminal Equipment,** FCC Report and Order

34 **Communications Lines,** Harry Newton

36 **Dialogue:** The Dishonest Consultant

37 **Seminars**

39 **Regulatory Developments:** Status of Major FCC Inquiries

44 **Consultant's Corner,** Richard A. Kuehn

MARCH-APRIL 1976

3 **Changes in Optimal Long Distance Network Policies,** James E. Jewett

16 **Telephone Management Systems: What Will They Do For You?,** John Dretler

20 **Communications Management in Business,** Lance J. Heise

26 **Performance Measures for Digital Communications Services,** Neal B. Seitz and Peter M. McManamon

34 **Seminars**

36 **Communications Lines,** Harry Newton

40 **New Product:** The GTD-120 PABX

44 **Consultant's Corner,** Richard A. Kuehn

MAY-JUNE 1976

3 **Restructuring Bell System Interstate Rates,** BCR Staff

11 **Extended Erlang B Approach to Long Distance Network Design: Without Upping or Queuing,** James E. Jewett

23 **Increase in Long Distance Rates and Surcharges,** Frank K. Griesinger

28 **Traffic Analysis by the Specialized Common Carrier,** Jerry W. Finefrock

39 **Communications Lines,** Harry Newton

42 **Seminars**

44 **Consultant's Corner,** Richard A. Kuehn

JULY-AUGUST 1976

3 **Computer Communications: Network Devices and Functions,** Patrick V. McGregor and Wushow Chou

15 **The 1976 Rate Change for Interstate Calls,** Elaine E. Nussbaum

24 **Extended Erlang B Approach to Long Distance Network Design: With Upping, Without Queuing,** James E. Jewett

33 **Seminars**

36 **Communications Lines,** Harry Newton

40 **New Products:** TDX Telephone Management and Control System

44 **Consultant's Corner,** Richard A. Kuehn

SEPTEMBER-OCTOBER 1976

4 **Some Thoughts on Selecting a Privately-Owned Electronic PBX,** Ernest H. Gatzert

11 **A Do-It-Yourself Program for Analyzing and Installing WATS,** Frank K. Griesinger

18 **The Economics of Peak Hour Control of Measured WATS,** James E. Jewett

25 **How to Successfully Sell Major Communications Users,** Nathan L. Freedman and Harry Newton

30 **Searching for The Telephone Company,** Leo F. Goeller, Jr.

34 **Seminars**

37 **Communications Lines,** Harry Newton

41 **New Product:** The New Bell System Product Line

46 **Regulatory Developments:** Sharing and Resale of Private Line Services

Consultant's Corner, Richard A. Kuehn

NOVEMBER-DECEMBER 1976

4 **Tie Lines and Other Voice-Grade Private Lines,** Jerry W. Finefrock

17 **Telephone Cost Control Techniques,** Ronald J. Geigel

24 **Traffic Engineering: What's It All About?,** James R. Gordon, Jackie B. Shrago and James E. Jewett

30 **Increased Telephone Installation Rates: A Statistical Analysis of Colorado's 1972 Rate Change,** Sharon K. Black and Peter V. Tryon

38 **Communications Lines,** Harry Newton

44 **Seminars**

47 **Consultant's Corner,** Richard A. Kuehn

48 **Index to Volume 6**
